TO EQUALIZE ASSESSMENT

The City To Investigate Grants And Assessments of Local Corporations.

Mayor Lang and City Attorney Lightfoot are to investigate the matter of grants under which several local corporations do business, in order that future assessors may know better how to discharge their duties in assessing the corporations, and to equalize such assessments.

The Cumberland Telephone company, which absorbed the East Tennessee, is doing business under a grant from the council of 1880. It is claimed that the grant is perpetual.

The Gas company has some sort of a grant from the legislature and the telephone companies have a federal grant, all of which occasion considerable confusion.

Last night Mayor Lang presented communication to the council relative to the telephone company, and the matter was referred to him and the city attorney. He claims it is not assessed as it should be, the telephone companies paying \$50 a year more and a tax on poles and franchise besides.

"The city is wrong," declared Mayor Lang, "the telephone company is right. It is true that the telephone companies pay \$100 a year license tax, and the telephone company \$50, but we pay an ad valorem tax and they do not. We pay on \$9,700 worth of property.

"In order to equalize things, the tax was put on the telephone company's poles. The statement that we do not pay on a franchise is an error. We paid year before last, the previous year, and are assessed this year. We

have paid whenever it has been assessed against us. Last year we were not assessed because we had no earnings. We have a grant from the council of 1880 before they had franchises to do business, and the only question is whether or not it is necessary to have this changed into a modern franchise."

Mayor Lang when seen differed with Manager Jovnes, and from the assessor's books showed where the telephone companies pay an ad valorem tax, and every other tax the telephone company pays, and a tax on poles besides.

As yet the committee appointed last night has not taken the matter up. It will among other things decide whether these corporations will have to change their grants, whether the telephone company has to have a new grant or whether it is possible for it to operate indefinitely on the grant it now has. The gas company's grant will also be investigated.

"It seems there should be a limit to such things. The water company, street car company and all other corporations of that kind have their limit, the water company's franchise lasting forty years," said Mayor Lang. "We find nothing in the constitution that justifies the perpetual operation of anything of the kind, and simply want to look up the question so as to know exactly where we stand. It seems it has never been quite fully understood under what some of these corporations were doing business."

MEMBERS NAMED

Dewey, Kimberly and Benham Will be on the Schley Board of Inquiry.

IT RAINS IN KENTUCKY

Hundreds of Armed Workmen Fought in Chicago—Trouble is Expected, However.

TURKEY HAS OFFENDED GREECE.

COURT OF INQUIRY APPOINTED.

Washington, July 25.—Admiral Dewey and Rear Admirals Kimberly and Benham will compose the board of inquiry that is to review the Schley case. The inquiry is attracting widespread attention, and will prove the most celebrated in the naval history of the government.

The court of inquiry will convene on September 12.

SUCCESSFUL YEL.

LOW FEVER CURE.

Washington, July 25.—A successful yellow fever serum cure is to be tried in Cuba.

TURKEY GETS GAY.

Athens, July 25.—Turkey has refused to allow the Grecian squadron to touch at Turkish ports.

KENTUCKY GETS RAIN.

Lexington, July 25.—There are heavy rains reported in eastern and north central Kentucky.

TROUBLE IMMINENT

IN CHICAGO.

Chicago, July 25.—Hundreds of armed workmen awaited the arrival of the southern negroes but they were smuggled into the city by another route. Trouble is imminent.

DENNING DEAD.

Franklin, Ky., July 25.—J. Will Denning, Democratic nominee for county judge, is dead.

THE POWERS CASE.

Frankfort, July 25.—To save time, Judge Cantrell will probably order a change in the Powers case to Bourbon county, and try it at Paris in November.

JUDGE GOODNIGHT DEAD.

Franklin, Ky., July 25.—Judge I. H. Goodnight died at 5 o'clock yesterday afternoon, and the funeral will take place Friday afternoon.

WORK ON BOXES.

THE CARPENTERS BEGIN ON THE KENTUCKY—RAPID PROGRESS.

Work on the Kentucky is progressing even more rapidly than was hoped for. This morning the carpenters began work on the boxes and will have them finished within one week. Weary & Co., of Chicago, the contractors for the plastic relief work are expected in the city today and will immediately begin work upon their arrival. It will require about from ten days to two weeks for them to complete their part of the contract and then the decorators Mitchell & Holbeck, of Chicago will begin their work. The latter contractors will arrive Monday and by that time the plastic men will have finished enough to justify the decorators in beginning. All the ladders in the building have been taken down and the doors are all locked at night to guard against any more accidents.

HIT WITH A POKER.

Gardner Dollar, a well known South Side "gentleman of color," is now sporting a white bandage around his head as a result of a fight he got mixed up in Tuesday night in Mechanicsburg. Dollar and another man, Ned Woodson, got into a pugilistic encounter the latter getting the worst of the affair. He finally in despair seized a poker and "worked" on his opponent's skull. A three inch cut to the skull was inflicted in Dollar's head and when he came to several hours later he had been fixed up by Dr. Coyle. The wound is of serious nature and had the wielder of the poker struck a little harder Dollar would probably have paid one of local undertakers a visit. There has been no arrested man.

BIRTHS.

Born to the wife of Mr. A. Yopp last night, a boy.

WED TODAY

Dr. J. Victor Voris Steals a March on His Friends Today.

MARRIED AT JERSEYVILLE.

His Bride, One of the Belles of Dallas, Texas, Was Attending a House Party.

THEY WILL RESIDE IN PADUCAH.

Dr. J. Victor Voris, the popular young dentist, stole a march on his friends today by being married at Jerseyville, Ill., to Eva Shelley Hurley, of Dallas, Texas, who is attending a house party at the home of Judge Cheney there. Dr. Voris has made numerous trips to Jerseyville within the past several weeks, and his papers were informed went to Creal, and this marriage will pleasantly surprise his many friends here. The wedding took place at 3 o'clock this afternoon, and was an unostentatious affair, with only a few friends present. It was the culmination of quite a pretty romance, which had its beginning four years ago in Brazil, where Dr. Voris first met his bride. He was practicing dentistry in South America and she was journeying there with relatives and the two were thrown together quite often. He came back to the United States and did not return to Brazil until about two years ago, and in the meantime she had gone to Europe. Last fall he started back to America and in London they chanced to meet again. A correspondence was kept up continually, friendship ripened into love and the marriage was agreed on a short time ago. Dr. Voris is one of the most popular young society men in Paducah and his bride will be quite an acquisition to society. She comes of one of the most prominent families in Dallas, and like Dr. Voris has traveled extensively. She is both beautiful and attractive, has always been greatly admired wherever she was known. Dr. Voris has won a prize of which he is justly proud.

The groom has been in partnership with his uncle, Dr. C. E. Whitesides, the dentist, for the past several months. His home was formerly in Columbus, Ind., and he is a most talented young man, with a bright future before him. During the war with Spain he served in the Indiana artillery with distinction and few men have more friends than he.

Dr. and Mrs. Voris will go this evening from Jerseyville to St. Louis, and after spending a few days there will go to Chicago for a week or ten days before returning to Paducah to take up their residence here.

HIT WITH A POKER.

Gardner Dollar, a well known South Side "gentleman of color," is now sporting a white bandage around his head as a result of a fight he got mixed up in Tuesday night in Mechanicsburg. Dollar and another man, Ned Woodson, got into a pugilistic encounter the latter getting the worst of the affair. He finally in despair seized a poker and "worked" on his opponent's skull. A three inch cut to the skull was inflicted in Dollar's head and when he came to several hours later he had been fixed up by Dr. Coyle. The wound is of serious nature and had the wielder of the poker struck a little harder Dollar would probably have paid one of local undertakers a visit. There has been no arrested man.

BIRTHS.

Born to the wife of Mr. A. Yopp last night, a boy.

MAKING HEADWAY

The Committee on Grounds Goes to Kuttawa to Inspect.

MISS RYAN TRANSFERRED

Chief Clerk Morris, of the Master Mechanic's Department, Has Not Resigned—Leaves this Week.

NEWS AMONG RAILROAD MEN.

Supt. of Water Supply of the I. C., A. D. Brooks is in the city today doing repairs to piping in the local shops.

Miss Mattie Ryan, the well known stenographer of the master mechanic's office, will shortly be transferred to the office of Supt. H. U. Wallace at Louisville. Miss Ryan has many friends here who will regret to see her leave. She will be in the city some time yet as no one has yet been secured to take her place.

Master Mechanic Barton, who went to Princeton and St. Charles yesterday will go to Louisville from there today on business.

The grounds committee made a trip to Kuttawa yesterday and returned to this city last night. They found the grounds in good condition but made arrangements to have them thoroughly cleaned and have a dancing pavilion erected. The owners of the grounds told the committee that they were perfectly welcome to the grounds. All the arrangements for the picnic have been made and the employees are looking forward to an enjoyable outing. The committee will make a report at a meeting tonight.

Mr. J. G. Ferguson, of Princeton, the well known dispatcher, is in the city working in the place of Dispatcher W. L. Bennett, who is in Fulton on business.

The report that Chief Clerk Charlie Morris of the master mechanic's department, had resigned, is unfounded. Mr. Morris has not resigned but has been given a ninety days' leave of absence. He wrote the company that his resignation would be necessary if he was not granted a leave to recover his health and as he was granted the leave his resignation was not sent in. He will leave this week for Battle Creek, Mich., to take a thorough course of treatment at that place.

Chief Engineer W. J. Harahan arrived in the city today at noon from Fulton on route to Louisville. Supt. H. U. Wallace and Roadmaster Pat Galvin, who arrived in the city about 10:30 accompanied him to Louisville. He is on no special business but is making his regular inspection tour. He came in his special coach No. 8.

THREE START

The Magnates Succeed In Getting in Non-Union Men.

TROUBLE IS MUCH FEARED.

The Pittsburg Strike Now Seems Nearer a Crisis Than at Any Time Past.

SOME OF THE MANY RUMORS.

Pittsburg, Pa., July 25.—The magnates started three mills today with nonunion help, and trouble is feared. Veryl Preston, former president of the American Steel and Hoop company, and John Warner, of the Carnegie Steel company, are in the city and their visits seems to have given rise to the supposition that they have come here to discuss this question with officials of the Amalgamated Association.

So far nothing has been done in the matter of the proposed injunction proceedings against the strikers, but it is understood the papers are being prepared and the attorneys will offer them in the federal courts within a day or two.

Locally rumors are being persistently circulated of attempts to be made at Painters, Lumber and McCutcheon and Clark's to resume operations shortly. The reports are to the effect that Painters and Clark's mills are to be started with men from the Upper Mills of Carnegie's and that an agent of the Lindsay and McCutcheon plant is down south trying to settle men. At Clark's mill the strikers were surprised today to find a detail of ten policemen guarding the property. An iron fence separating the Clark plant from Carnegie's upper mill has been torn down and it is said workmen from the Carnegie works will be quietly transferred to Clark's. The strikers are expecting serious developments and are preparing themselves for emergencies.

MADMAN RUNS AMUCK.

IS FINALLY KILLED IN THE STREETS OF LEAVENWORTH.

WORTH.

Leavenworth, Kas., July 25.—Michael Kelly, an insane man, at the office of the Robert Garrett Lumber company in the business district shot six people, killing one, probably fatally wounding another and more or less seriously wounding four others. He was himself finally killed by officers who tried to overpower him. John R. Garrett, aged 40 years, junior member of the firm of Robert Garrett Lumber company, died at hospital.

Dr. Charles McGee, aged 30, shot in back and probably fatally wounded. Police Sergeant William Dodge, shot in neck, serious.

Michael McDonald, detective, shot in leg, slight.

Joseph Flattner, policeman, shot in hand, slight.

Ike Healer, laborer at lumber yard, shot in hand, wound slight.

Kelly had lived in Leavenworth for years and at different times had engaged in minor business enterprises. He was eccentric and during the presidential campaign in 1896 lost his mind entirely. At that time he was arrested for creating a disturbance and later threatened to kill Garrett. He was arrested and adjudged insane. Garrett and four others testified against him.

After a year in the Topeka asylum Kelly was released. He had been acting queerly again and had declared that he would kill the five men who sent him to the asylum. Daily for two weeks past he has been practicing shooting with a revolver at the Fort Leavenworth range.

UP THEY GO.

The Prices of Feed Stuffs Result in Other Raises in Paducah.

The livermen in Paducah have served notice on their patrons that August 1 the price of board for horses, which has heretofore been \$12 a month, will be increased to \$15. Horse hire will also go up in proportion the first of the month.

The dairymen are notifying customers that they will advance the price of milk as well as butter at once and other things threaten to go up in proportion.

It is all due to the raise in the price of such feed stuffs as hay, corn, bran, and in fact everything in the feed line. The advance was made yesterday.

day, and amounts to about one-third of all feed stuffs. It is a result of the drought in general all over the country, and those concerned chiefly in the advances and most interested in the result, claim that, they do not see any immediate prospect of a reduction.

It was reported that there would be an increase in the price of ice, also, but Supt. Rieke this morning said that there is nothing in the report, and that there will be no advance, although the company will be affected by the general advance in the wholesale prices on many things.

NO COURT.

JUDGE SANDERS THINKS THE HEAT MAKES PEOPLE BETTER.

There was no session of the police court this morning as the new warrants out were not executed, and there were no old cases for trial.

"I guess the hot weather makes people better," remarked Judge Sanders as he declined to give a reporter any news—because there were none to give. There is one case for tomorrow, that against Will Wright, of the county, charged with passing a \$20 Confederate bill on a farmer.

THE BOTTLE BURST.

Mr. John Brooks, of McPherson's Drug store, was slightly injured yesterday by the bursting of an Apollinaris water bottle. A piece of the glass struck him above the left eye and cut a long gash in his forehead. The injury is not serious.

PLAY CAIRO.

THE MARBLE HALLS WILL RUN AN EXCURSION ON THE DICK FOWLER.

The long-talked about baseball game between the local Marble Hall and the Cairo teams will be played at Cairo Sunday. The steamer Dick Fowler has been chartered by the Marble Hall team and an excursion will be run Sunday. The Paducah Union string band has been secured to furnish the dance music and all the other arrangements have been made for the accommodation of those who wish to go. The game will be called at 2:30 sharp and will be the best of the season. The local boys are well prepared for the Cairo men and will give them the hardest fight of their life. Several well known semi-professional players have been secured and the team will "go loaded for bear." A large crowd will no doubt go down.

100 TODAY

THE MERCURY CRAWLS DOWN SLOWLY—RELIEF IS

Welcome—No Prostrations of Consequence—The Predictions are Not Very Encouraging, However.

There has been a welcome change in the temperature since yesterday, although not a very great one. The highest registered today at 2 o'clock was 100 in the shade and the lowest this morning was 76. The predictions are for generally fair and continued warm weather. Observer Bornemann in looking over his records today found that today, one year ago, a rain of two and thirteen hundredths inches fell here and yesterday one year ago, a rain of one inch fell. Needless to say, this is quite different from yesterday and today. It very seldom rains in August and if we have no rain soon we stand a good chance of not having any before the expiration of the next month. Today the heat has not been so oppressive as a nice cool southern breeze was blowing. The low temperature in the southern states during the past two days has a great effect as far north as Paducah. The temperature at present is slightly on the decline.

"You can just tell the public," remarked a well known physician to a San reporter this morning, "that when the long looked for rain does come to look out for the sickness. At present there are no prevailing diseases, but just as soon as all the decayed matter you find every where gets damp then the gases will arise and the people inhaling the fumes will then catch it for sore. The extreme heat has decayed the animal matter all about the city, not only here but every where else, and when the rain does come look out for sickness and use every precaution to prevent it. I expect to see more sickness this fall than I have ever seen and think I am seconded in my assertions and beliefs by all the other doctors."

Mr. Charlie Weil, who was prostrated Tuesday afternoon by the heat is no better and is still in an unconscious condition. At times he can be aroused but immediately lapses into unconsciousness again. His condition is considered hopeless.

Deputy Jailor Tom Everts was partially overcome by the heat yesterday afternoon but has recovered.

Mr. John Deeg, of the Paducah Saddle company, has recovered after a brief illness from the heat.

Mr. John Enders is ill as a result of heat prostration several days ago.

Mr. Frank Erhart is ill as a result of a heat prostration.

Miss Arrah Crawford, daughter of Mr. J. J. Crawford, was prostrated last evening by the heat. She is somewhat improved today.

ELY DRY GOODS CO

TWO CLINTON MEN BUY AN INTEREST IN A WELL KNOWN

Firm—The New Firm Will Branch Out And Increase Its Business.

Messrs. R. W. Moore and E. O. Reid, two prominent merchants of Clinton, have bought an interest of Mr. R. L. Eley in his popular dry goods store and will become partners in the house the first of September. The new firm will be incorporated in all probability, under the present name The Eley Dry Goods Co.

The Eley Dry Goods Co. has had a most successful career. Mr. Eley founded the business in May, 1897 and in the short time since has built up one of the best trades of any retail establishment in the city. He has been in his present location, an ideal one for the dry goods business, since January 1, 1899. The growth of his business since that time has been very rapid and healthy. In taking in his new partners Mr. Eley is doing so to be able to give his attention to other departments of the business that have assumed such proportions as to call for his individual attention. Messrs. Moore and Reid are merchants of Clinton and two of the most prosperous in the city. They, however, for some time have been looking for a larger field and were in Paducah, Evansville and Louisville prospecting and investigating the conditions in the dry goods business. They were favorably impressed with Paducah from the first and very anxious to secure a business here.

The Sun speaks for the new firm a continuation and expansion of the good business Mr. Eley has built up and extends them its best wishes. In conversation with The Sun representative today Mr. Eley said he would commence a clearing out sale next week and close out all his summer weight goods to make room for the big stock of new goods he will add for the fall trade.

MISS WILLIAMS NOT IMPROVING.

Miss Maggie Williams, who was burned Sunday by the explosion of a lamp, is no better. Her arm is in a very bad condition and yesterday caused her much pain. Mr. Harton, who was with her when the accident happened and who was also burned, is getting along nicely.

DEEDS.

R. W. Jacob and others deed to Mrs. C. Randle for a transfer of property heretofore made, property in the county.

Arthur Y. Martin, trustee of the estate of John Moore, bankrupt, deeds to Miss Lullia Smedley for \$1,310, property on Eleventh and Burnett streets.

William O'Brien deeds to his former wife, Mrs. Mary O'Brien for \$1 and love and affection property on Sixth and Ohio streets.

DAILY THOUGHT.
"Each year the records show that man's inhumanity to man is becoming more and more a theory and less a practice."

The Republican party in Paducah and McCracken county is not to be discouraged by the impotent and untruthful attacks made on it by organs of the various Democratic cliques. There is no discussion in the Republican ranks, and no way for organs of elusive and uncertain politics to create any. The Democrats in this county were never in a state of blissful harmony and are not today. They often preserve an outward semblance of tranquillity when in reality they are only waiting for a chance to "knife." There is now in prospect a big row over the appointment of county commissioners and an effort will be made by one faction to install with all the powers and prerogatives of commitment, men to represent new county precincts or districts that will have no existence until October. This will likely be vigorously resisted by another clique and we shall enjoy the edifying and exhilarating spectacle of the Democratic statesmen of McCracken in action. The weapons may be chairs, crutches, or may be only a harmless bombardment of blarney, but trouble is certain to crop out in some form. In the Republican party there is harmony. If there was ever a disgruntled element, it has practically been obliterated. So-called Republicans who seek to disrupt the party to which they profess to belong are not worthy of serious consideration, and can injure only themselves. There are few, if any, of them in McCracken county, and in preparing for the coming campaign they are not accorded a thought. Hence the outlook for the party is encouraging, and the increasing vote of past years promises to be larger than ever. Republicans in this county have had an uphill fight to make, and have been confronted by many serious obstacles, but the progress made has been extremely gratifying, and the promise of future success is very good.

The developments in the Schley-Sampson controversy are to be deplored. If Admiral Schley was done an injustice, he is entitled to the proper redress, but such matters, with the attending publicity, never redound to the credit of a nation. It is a source of satisfaction, however, that the whole affair is to be sifted to the bottom, and forever settle the question of what Admiral Schley did, or didn't do at the battle of Santiago.

Lee has been advanced to 60 cents a hundred in Hopkinsville, and is going up in other places. Paducah should appreciate the fact that her own company announces that there will be no increase here. The company runs day and night, and could sell ice out of the city for more than it receives here if it cared nothing for the comfort and welfare of the people of Paducah.

The Republicans of McCracken county will hold a convention and nominate candidates for county officers. They will put out a good ticket, and as both the Republicans and the candidates will be satisfied, there is no reason why others shouldn't be.

During the heated term it is very dangerous for people to drink spirits, or malt strong waters. Send them to us. We propose to protect the plain people to the last extremity.—Harlem Free Press.

The effect of the drought is beginning to be felt in Paducah, with the price of all feed stuffs advancing. A horse will now be a luxury indeed, and we may expect to see the automobile taking its place.

The ponds and creeks of the county are drying up. Now if the gutters in Paducah would only evaporate!

Paducah enjoyed the distinction of furnishing the entire country with a heat record Tuesday.

The strikers and mill owners seem to have settled into a state of innocuous desuetude.

You can't keep us down. Even the mercury insists on rising.

For indigestion there is nothing that equals Wintead's L. native phosphate.

RIVERS AND HARBORS.
RECOMMENDATIONS FOR THE LOUISVILLE, GALVESTON AND ARKANSAS DISTRICTS.
Washington, July 25.—Capt. W. L. Sibert, in charge of river and harbor work in the Louisville, Ky., district, recommends the following appropriations above \$25,000 for the fiscal year ending June 30, 1903.
Improvement falls of Ohio river at Louisville, \$132,380, to complete existing project.
Improvement Green river above mouth Big Barren, Ky., \$180,683, to complete project.
Captain C. S. Riche, in charge of river and harbor work in the Galveston, Tex., district, in his annual report, recommends the following appropriations in excess of \$25,000 for the fiscal year ending June 30, 1903:
Galveston ship canal and Buffalo bayou, \$1,000,000.
Mouth of Brazos river, \$325,000, to complete project.
Brazos river, between Velasco and Richmond, west Galveston bay channel, \$100,000.
Arkansas pass, \$500,000.
Galveston harbor, \$550,000, \$500,000 of which is for repairs and the remainder for maintenance.
Captain Riche estimates that \$1,500,000 will be required to complete repairs made necessary by the hurricane of last year.
Major W. H. Bixby recommends for the Ohio river legislation for the removal of under water obstructions other than wrecks, such as gas and oil pipes, where they exist without authority of law. He makes an estimate of \$700,000 for the river, exclusive of the locks and dams, also that \$1,075,000 be expended on the locks and dams in the next fiscal year.
Captain Graham D. Fitch makes the following estimates for the rivers in the Arkansas district:
Arkansas river, in Arkansas and Kansas, \$40,000.
Upper White river, Arkansas, \$347,475.

LOYAL AND DUTIFUL.
KING EDWARD'S SPEECH TO THE HOSPITAL MAINE COMMITTEE CAUSING MUCH COMMENT.
London, July 25.—Much gossip in American and English society has been caused by the presentation to King Edward by some American ladies of the hospital ship Maine committee of a medal commemorative of the Maine's work, with a request that the king transmit the medal to Queen Alexandra. It seems that the idea was opposed by number of influential members of the committee on the ground that the king did not want the medal, but the others carried the day. The king's reply to the delegation which made the presentation is causing some comment, as he thanked "the American committee" for their "loyal, dutiful sentiments," as he did the Kansas legislature in answering their telegram of condolence on the queen's death, and as he also thanked the committee for bringing their valuable services to a culmination by presenting the ship to the government, whereas this was done solely by Bernard M. Baker of Baltimore.

PROCLAIMED TODAY.

FREE TRADE WITH PORTO RICO NOW A FACT.

Washington, July 25.—Free trade between the United States and Porto Rico was proclaimed today. Two proclamations were issued, the first declaring the establishment of civil government in Porto Rico and the second the establishment of free trade between the United States and the island.

Although civil government has existed for many months in Porto Rico, Governor Allen, up to the time he went to Canton on Sunday, purposely withheld the formal notification of that fact from the president in order that the money collected under the Foraker act might not be placed at the disposal of the Porto Rico legislature, but could continue to be used for the benefit of the island under the direction of the president. The effect of an earlier notification would have been a proclamation by the president recognizing the establishment of civil government and the turning over of the insular treasury, for the use of the legislature of all moneys there, after collected under the Foraker act.

100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's family Pills are the best.

THE COUNCIL
Several Ordinances Passed Last Night at a Called Meeting.
TRANSFER OF LICENSES.
Locations of New Lights Reported by the Committee—Extension of Time Granted Contractors.
MAYOR LANG COMMUNICATES.

Mayor Lang and eight councilmen attended the called meeting of the council last night.

An ordinance for improving by grading Powell street from Clements street to the I. C. triple, to be completed by October 1, was given first passage.

The ordinance for the improvement of North Tenth street from its terminus to the Terrell farm was given first passage.

The ordinance for grading Eighth street from Husham to Bockmon was given first passage.

The ordinance relative to contractors relaying drain pipe dug up in relaying pavements was amended and given first passage. It provides that property owners must furnish their own pipes.

The ordinance for the improvement by grading and graveling of Sixteenth street from Jefferson to Trimble streets was given final passage.

A communication from Supt. Wallace, of the Illinois Central was read, granting the city right of way over its tracks for the extension of Eighth street across its tracks, on condition that the city grade and gravel the street and give the railroad company the right to build tracks and switches over it. The proposition was accepted and the work ordered.

Ed Terrell's proposition to dedicate to the city a street 2400 feet long at the terminus of Tenth street if the city would improve it was accepted.

The license of the late J. H. Edwards was transferred to Ed Drennan, of the New Richmond. The license of J. Waggoner, of Fifth and Norton, was transferred to John Goff.

The bill proposition from W. R. Jones, of Mechanicsburg, was deferred, as was the matter of a gate alleged to be an obstruction near the marine ways.

The street committee was instructed to dispose of the protest of property owners against running a big gutter along their property on Fountain avenue from Harrison street to Oak Grove.

The water company was asked to extend the mains along Elizabeth street from Third to Sixth. As the requisite number of signers was not secured, it is simply a request.

Contractor W. Y. Noble was granted extension of time to August 30 to complete improvements on South Twelfth.

The Paducah transfer company was granted extension to complete new pavements on Madison from Ninth to Eleventh streets.

The pavements on Thirtieth street from Broadway to Jefferson by Contractor Katterjohn was accepted.

Mr. J. W. Stockman was appointed a special officer for the Illinois Central.

Chairman Hannan was instructed to ascertain what could be done towards securing the permission of property owners to extend Langstaff and Atkins avenues in Rowlandtown, to the Cairo road.

Councilman Elliott reported the following locations for new lights: Fifth and Hushams; light from Sixth and Hushams to be moved to Sixth and Caldwell; new lights at Seventh and Hushams; Ninth and Bockmon, South Eighth street 400 feet south of Hushams; Tenth and Caldwell streets, First and Washington, Twelfth and Ohio, Eleventh and Burnett, one near

TIPS.
If you want anything or wish to part with anything try.....
If you are in need of anything in the fancy stationary line call to see our line just in. It is the prettiest, by far, in the city. Our prices can't be beaten.
If you have a house to rent or exchange or anything to sell try an ad in The Sun, using Tips. For quick returns it can't be beaten.

LOCAL LINES.
—FOR Dr. Peadley telephone 416.
—The ladies of the First Christian church will give an ice cream supper and lawn fete at the residence of Mrs. Barry at Sixth and Court tonight from 7 to 10. Every one is cordially invited.
—Soule's for prescriptions. 12tf
—Deputy Sheriff Utterback and Squire Barber who took Harry Sanders and Sydney Greer to the Lexington reform school will return in the morning.
—Pure drugs carefully compounded. Soule's. 12tf
—A horse belonging to the Hiram Blow State Co. dropped dead yesterday afternoon presumably from the heat. This is the second horse to be killed by heat in that locality. Mr. John Little, the spoke factory man having lost one several days ago.

Skirts. New styles. Stylish skirts.
—Messrs. M. L. Teevin and John Clark have formed a new company for manufacturing cigars. Mr. Clark will have charge of the manufacturing and Mr. Teevin the business department.
—A new faced kersey cloth, bottom and well tailored.

—An effort is being made to get a pardon for Jacob Kaufman, a Hebrew who was sent from here to Eldridgeville for three years several months ago for obtaining money by false pretenses from Mr. David Levy, the Second street merchant.
—Miss Jessie Rook will entertain this evening from 8 to 12 with a birthday party.
—The instruments from New York, for the milk inspector, have not yet arrived, although the invoice is here.
—Mr. N. M. Uri, of Louisville, and well known in Paducah, has been elected a member of the general committee of the grand lodge, B. N. Brith, in session at Denver.
—Winstead's Laxative Phosphate cures chronic constipation.

EXCURSION SUNDAY.
The handsome Dick Fowler, with electric fans and every other hot weather comfort, will go to Cairo next Sunday, leaving here at 8:30 a. m. and departing from Cairo at 5 p. m. arriving here at 10 p. m. The round trip will cost but one dollar. 4
Graphophones of the latest type and improvement, a full and complete line ranging in price from \$5 to \$150 each has beautiful cabinet work. Graphophone records by the most popular singers, comic talks by clever artists, banjo, mandolin, piccolo, cornet, saxophone and Klaphone s. los. Latest hits by Gilmore's and Suss's band; songs in foreign languages—every one up to date. Call and examine them.
HOWARD C. WARDEN, 2432 112 South Third Street.
WED AT ALEXANDRIA.
Dr. Alvin Phelps and Miss Eunice Byrd, of near Alexandria, Ky., were married last night at the home of the bride. They are prominent young people in that section.

FULTON'S OIL STOCK.
The Fulton Leader says that about 1500 shares of oil stock in the company being organized by Mr. W. P. Nolen have been sold. The company will be incorporated.
RED MEN'S EXCURSION.
The Red Men will give their first excursion next Wednesday on the City of Golconda and new barge, and expect a large crowd to attend. There will be music and refreshments and a pleasant time is anticipated. It will be one of the most enjoyable moonlight excursions of the year.
HIS CLOTHING STOLEN.
Mr. J. B. Cosby, formerly engineer on the Cummins, yesterday had a value with his clothing, valued at \$20 or \$30 stolen while some of the Cummins' machinery was being loaded onto the City.

Wanted a wet nurse at 3312 Broadway. 2 53j
A CARD OF THANKS.
To those of our friends and neighbors who so kindly rendered us assistance during the illness of our son, Clarence Smith, we desire to express our most sincere gratitude and we trust that the hand of fate will deal with them as lightly as possible. Very respectfully, MR. AND MRS. CARL SMITH.
ICE CREAM SUPPER.
The ladies of the Second Baptist church will give an ice cream supper Thursday night, July 25, at Ninth and Ohio.

About People
And
Social Notes.
Mrs. T. A. Banks, wife of the popular trainmaster of this division, has gone to Buffalo.
Mrs. J. N. Moore and sister, Miss Lillie Christianman, went to Dixon Springs today at noon.
Mr. Rolfe R. Hays, of Owensboro, who has been the guest of Mr. W. H. Habbitt returned home today at noon.
Miss Mary Campbell, of Central City, who has been visiting Mrs. Ambrose Mercer, wife of the well known engineer, returned home at noon.
Mr. Tom Corbett, who now makes his home in Memphis, arrived in the city from that place today at noon to visit his mother.
Mrs. A. M. Dustin, wife of the well known foreman of the boiler shops, went to Chicago today at noon to visit friends and relatives.
Mr. John Landrum, of Mayfield, is in the city.
Mr. C. H. Schulte, of Evansville, is in the city.
Mrs. Minnie Herndon will leave tomorrow for Dallas, Texas, to visit her sisters, Mrs. Frank Gilbert, and Mrs. Addie Perkins.
Mr. Collin McGinnis, of Creal, was in the city today.

THE SICK.
Besie, the daughter of Officer Will Rogers, is very ill.
Mr. Percy Craig, of South Third street, is on the sick list.
Mr. Frank G. Schmidt, the well known Henderson Brewery representative here, is ill at his home on South Third street.
Mr. Joe Altman is out again after a brief illness.
Mr. Fred Hess is on the sick list.
Mrs. Fayette Jones is slightly improved today.
Mr. W. H. Pearson, of the Paducah Street railway, is ill at his home on the South Side.
Captain Austin Owen returned this morning from the home of Mr. Gus Jones, in the county, where his wife has been quite ill, but is today much better.
Mr. Emory Hobson is ill at his home on Madison street.
Hezekiah and Lemuel Leigh, the sons of Mr. James Leigh, of South Eleventh street, are ill of malarial fever.

—Pure drugs a guarantee of Soule's. 12tf
DEATH IN THE COUNTY.
Mrs. Sallie Spurr, aged 26, died last evening at her home on the Mayfield gravel road from malarial fever, leaving a husband and a three months old child. The body was today shipped to her former home in Big Sandy, Tenn., for burial.
Winstead's Laxative Phosphate cures that tired feeling. At all drug stores.

AT A RIPE OLD AGE.
Princeton, Ky., July 25.—Mrs. Martha A. Gresham, an estimable lady of this city, died here in her seventy-eighth year of a complication of diseases.
THEY WILL NOT WORK.
The Paducah Water company has had to suspend the extension of its lines until cooler weather arrives owing to the fact that the colored laborers demand from \$2.50 to \$3 a day. The next extensions are to be Sixth from Elizabeth to Broad, on Seventh street, Myers street, Mechanic street, and on Huskards street.

MARRY IN BALLARD.
Mr. John Carpenter and Miss Esther Jett, of McCracken and Ballard counties respectively, will be married this evening at the home of the bride's father in Ballard.
MARRIED LAST EVENING.
Miss Ada L. Neely and H. H. Blair, were married last evening at the home of Mr. J. B. Steen by Rev. J. C. Reid, of the Cumberland Presbyterian church.
Miss Neely has been stenographer in the office of Mr. Little, of the Little Spoke factory, for the past five years and has many friends who will be pleasantly surprised to learn of her marriage.
Mr. Blair is an employee of the Little Spoke factory, also, and is a very deserving young man. Both of the young people have numerous acquaintances who will extend to them their heartiest congratulations.

RUSSIA COERCING SULTAN.
London, July 25.—"Russia demands of the ports two coaling stations on the Persian gulf," says the Constantinople correspondent of the Daily Mail. "and she is using the strongest pressure to induce the sultan to yield. One or more stations have been demanded in Asia Minor."
"Up to the present the ports have not yielded, but it is doubtful whether the Ottoman government will be able to hold out. These demands are regarded as serious by the British."

Prize for Meritorious Authorship.
M. Ostris of Paris has instituted a prize of 200,000 francs to be awarded by a committee of the Paris press syndicate to the author or authors of a work adjudged by the committee to be the most meritorious, whether from the artistic or industrial point of view, or on the ground of general service of humanity.

BANNER SALVE
The most healing salve in the world.

A MAGISTRATE
HAS AUTHORITY UNDER THE LAW TO TIE UP BOATS IN
Absence of the Commissioner—The Dick Clyde Tied up This Morning by Deputy U. S. Marshal.

The absence of the newly appointed U. S. commissioner, Mr. W. Armstrong Gardner, who will probably not return before September, will not inconvenience those having business before the commissioner.
A law has been found which will enable persons with claims against steamboats in the absence of the commissioner, who has heretofore looked after all such matters, to go before a justice of the peace, who can issue papers that authorize the clerk to issue the preliminary summons, and tie up the boat with the same authority possible on the commissioner's papers.
This law has never yet been utilized in Paducah, but will likely have to be the next time anyone has claims against a boat for wages. There were a dozen or more rowsters of a steamer in port not long ago who applied for summons on claims of wages, but no commissioner had then been appointed and nothing being known about the newly discovered law, they were forced to abandon their plan, and the boat was not tied up.
Under this law any magistrate in the absence of the commissioner can tie up a boat when application is made to him.

Deputy U. S. Marshal La Rue this morning tied up the towboat Dick Clyde, lying at the foot of the island, on behalf of U. S. Clerk Parryear on a claim of \$22 of Hank Brothers and Jones for supplies. The papers were served on J. R. Robinson, the mate in command and Mr. Joe Waggoner was left in charge of the boat until the case can be heard.

SALES LIGHT.
TOBACCO MARKET CONTINUES QUITE DULL HERE.
The Prices Somewhat Increased—No Sales Here Today.
The local tobacco sales yesterday were light but the prices were fully up and the market showed a little more life than last week. Only two firms held sales and the offerings were very light. There was not a good attendance of out of town buyers but the local dealers were on hand and the bidding was more lively. The following is a report of the sales:
Gilbert & Co. reported no sales yesterday.
J. W. Farmer & Co. report no change in the prices of last week. The firm offered 13 hogheads with two rejected. A little more spirit was reported in the market and the prices, while they do not exhibit much of an increase, are somewhat better than those of last week.
The Western District Warehouse company report 50 offerings with light rejections. Lugs were fully up and brought from \$4.50 to \$5.
Common to medium leaf sold from \$6 to \$7, and medium to good leaf brought from \$7 to \$8.50. There was no fine leaf offered. The market is firm and the prices are somewhat better. Next week it is thought that the market will be a little more lively both in offerings and otherwise. The out of town attendance had dwindled down some on account of the extreme hot weather and the market is expected to show more out of town purchasers after this heat has abated somewhat.

There will be no sales today.
SYSTEMATIC WORK.
MINNIE DAWSON CHARGED WITH SYSTEMATIC STEALING AT W. H. RIEKE'S.
Minnie Dawson, colored, who lives in the Worten addition, near the I. C. tracks, was arrested this forenoon by Officer Tom Orr on the charge of grand larceny. Mr. Cliff Burnett applied at the city hall this morning for a search warrant against the above woman he thought had robbed his house. The woman is employed by his father in law, Mr. Rieke, and for the past several weeks the family have been missing various articles from the house. Several days ago several bolts of fine goods and two pairs of lace curtains along with other articles were missed and the suspicion turned towards the woman. The warrant was issued this morning and placed in the hands of Officer Tom Orr who searched the house and found one bolt of fine dress goods, one bolt of fine linen goods, one bolt of fine lace, two pairs of fine lace curtains, two skirts and several other articles that did not belong to the woman. The officer then went to the woman's place of employment and arrested her. Her bond was fixed at \$200.
A Toilet System.
Before the German empire was unified an author had to obtain twenty-two different copyrights for a book, and a railway bill had to pass through 14 different parliaments.

Proposed Tax on Cats.
A tax on cats is the latest scheme of the French sportsmen, who have organized to petition the legislature calling for such a tax. The x, they say, would not only increase the national income, but would diminish the number of undesirable cats which play havoc with small birds and game.

Foley's Kidney Cure
makes kidneys and bladder right.

THE RIVER NEWS
Observations taken at 7 a. m. River 3.0 on the gauge, no change in last 24 hours. Wind south, a good breeze. Weather clear and hot. Temperature 86. Pell, Observer.
The City of Pittsburg will hardly go through to Cincinnati this trip. That is if she draws as much water as they claim she does. She cannot "cut it." She will go in the St. Louis and New Orleans trade for the remainder of the season.
The John S. Hopkins is the fast mail packet leaving here this afternoon for Evansville.
The Tennessee is due this afternoon in Green river last Monday will be raised this week and brought here for repairs.
The towboat Peter Hontz that sunk in Green river last Monday will be raised this week and brought here for repairs.
Mr. J. R. Cosby, ship carpenter, who has been in the employ of the St. Louis and Tennessee River Packet company, and was in charge of the wreck of the W. J. Cummings, had all of his clothes stolen yesterday morning off of the Clyde, which he had in a valise setting in the hall. This was rough on our friend Mr. Cosby.
No sign of rain and the weather continues distressingly hot, but old Sam Jones, a cranky negro, says with the aid of his prayers that hell will be frozen over by the first of August. There are millions who earnestly hope that old Sam's prayers may be answered.
The Dick Fowler departed for Cairo on prompt time this morning with nice business.
The Joe Fowler didn't leave on return to Evansville until 9 o'clock last night.
The Sunshine has laid up at Cincinnati. She was advertised in Cincinnati papers to leave there today for Memphis.
The City of Clifton did not leave St. Louis until yesterday evening. She has a good freight trip and full of excursionists. They will make the round trip on her. She is due here tomorrow.
The merchants of St. Louis never realized until the last year or two what it was to be without a line of boats. St. Louis was blessed with one of the best lines of boats that ever plied on the western waters—the Anchor Line. They were fine boats, left on time and were the pride of the city. Competition with smaller boats came in. The merchants without looking ahead, either patronized the smaller boats or required the Anchor Line to reduce its rates to those of the smaller boats or they could not get the business. The consequences were that the old owners of the Anchor Line sold out to other parties, and they in a short time failed. The result was that St. Louis lost her line of boats and lost her river trade. The merchants now see their mistake, and will either have to put up the money or still be without the river business.
The Dick Fowler will take the Marble Hall baseball club to Cairo next Sunday leaving here at 8:30 a. m. returning at 10 p. m. This will be a pleasant trip for all those who want to avoid the heat and dust of the city, as everly knows the Dick Fowler is a regular train. She has electric fans and plenty of ice water. Don't fail to make the trip.
Captain Louis Pell in command of the Look Out will leave today on return to duty on the government river improvement up the Tennessee river. The Look Out arrived yesterday. She came after fuel. We are sorry that Captain Pell had to return in such short time.
Business was dull in river circles today. River 4.7 and falling.
The Henderson Gleaner says: The coal that sank in the nineteen barges in front of this city some weeks ago is being gathered in at the lower island where it has washed and not "floated" on the bottom of the river. As much as several hundred bushels are said to have been saved by various parties who have been engaged in that work for some days past.

THE NEWEST SHIRT-WAISTS.
These show a diagonal direction of the fabric from the shoulders to the lower front. This effect is secured without cutting the fabric bias. Our lady friends can see pictures of these styles in our Paper Pattern Department, as the August DELINEATOR, just received, contains several illustrations of this newest effect.
Another style of Shirt waist is that called the "Grecian Pouch," in which the front is very long, and by being caught up in the belt produces the pouch effect.
